Mr. Luis Aguilar
General Manager
High's Chimney Service, Inc.
8045 Snoffler School Road
Gaithersburg, MD 20879

Dear Mr. Aguilar:

The job that we had contracted for started on April 20, 2018 was completed yesterday. Our house was built in 1969 and we are the original owners. The work that was done this time is far better than the original which lacked quite a few details, probably according to the codes at that time.

The men arrived on time, worked hard all day, not only replaced the prefabricated fine place, but at the end because of the height of the new one had to replace the frame that was around the original one with a new one. The men had already completed their work for that day, but had to go out and purchase slate to replace the frame, by this time it was after 6 and they had worked hard all day. The replaced frame looks 100% better than the original. They took away the old frame as well as the old grate that we had used plus the house and garage were left very clear and all debris was taken away.

You can rest assured that we will highly recommend your service to our friends and those in the Stonegate Community when they are searching for a reputable company.

Thank you very much for a job well done.

Sincerely,

Gene and Mary Kudlik
